Summary

Hi, my name is Rajesh Ahirwar and I am College Student in BCA.

To Work with an organization where I can learn new skills and increase my abilities for the organizational Goals as well myself.

As a pursuing graduate with a degree Computer Application, I'm excited to launch my career in software development. During my studies, I gained hands-on experience in programming languages such as Java, C++, and C, as well as web development technologies like HTML, and JavaScript. I'm a fast learner with a passion for problem-solving, and I'm always eager to take on new challenges. I'm seeking a role where I can apply my skills and contribute to the development of innovative software solutions.

Career Objective

A Dedicated Developer looking forward to work in a challenging environment that would facilitate the maximum utilization of my broad skills and expertise in making a positive difference to the organization.
